(1) Bans typically apply to *Plastic bags* variously described/defined as the following:

- disposable plastic shopping bag
- bags made exclusively or primarily of soft plastic
- nonbiodegradable, carry-out plastic bags.
- single-use plastic bags less than 2.25 mils thick
- single-use plastic disposal shopping bags

***In some jurisdictions this also includes:

- plastic bags marked or labeled as “biodegradable” or “compostable”
- plastic bags not suitable for reuse
- plastic bags unable to be cleaned and disinfected regularly

(2) fee for:

- recyclable paper bags,
- reusable bags, or
- a fee for disposable bags

(3) These requirements for paper bags commonly include:

- (a) contains no old growth fiber,
- (b) 100% recyclable, contains a minimum of 40% post-consumer recycled material;
- (c) capable of composting, consistent with the timeline and specifications of ASTM Std D6400;
- (d) is accepted for recycling in curbside programs;
- (e) has printed on the bag the name of the manufacturer, the location (country) where the bag was manufactured, and the percentage of postconsumer recycled material used;
- (f) displays the word “Recyclable” in a highly visible manner on the outside of the bag.

(4) typically includes requirements for multiple uses (may specify the number), material, and has handles/ sometimes include requirements related to disinfection or being washable or may have certification requirements
